

Hello Wonderful Families,

Our curriculum is all online through a platform called STORY PARK. On this platform you'll be able to find the weekly curriculum plan and daily stories that your child's included in as well their individual learning stories. If you have any trouble navigating story park, please let us know and we will do our best to help guide you.

You will receive an invitation to your email that you provide us with that will contain a link. When you click on this link, it will take you to a story park consent form. You will need to read through this and agree to giving consent. Once you have done this, you will then be able to create your child's profile. If you have any questions or concerns about agreeing to give consent, please get in contact with us before agreeing.

In addition to this, if you would like give permission for Giggles Day Care to use photos taken for purposes other than story park, please tick the following boxes that apply or leave blank if you would not like your child's photos used.

- handbooks
- website
- newsletters
- all the above

My preferred email for Story Park: _____

*Please note that once your account has been created, you will then be able to invite other family members.

I do not have access to an internet provider or email account: _____

Name: _____ Parent/Carer of: _____

Signature: _____ Date: _____
